Education

09/2004–01/2008	M.Sc., Dept. of Mathematics, University of Manitoba, Winnipeg, Manitoba • Supervisor: Dr. D. S. Gunderson • Thesis title: *Topics in finite graph Ramsey theory* • GPA: 4.22 overall
09/2000–09/2004	B.Sc., University of Manitoba, Winnipeg, Manitoba • Joint honours in Computer Science and Mathematics (with co-op) • GPA: 3.61 overall

Teaching Experience

Winter 2010	MATH 2300: Linear Algebra 2, UofM
	MATH 1520: Introductory Calculus for Management and Social Sciences, UofM • Taught two of a total of three sections. • Taught together with Dr. S. Lui.
Fall 2009	MATH 1310: Matrices for Management and Social Sciences, UofM • Taught two of a total of three sections. • Taught together with Dr. G. Lukács.
	MATH 1010: Applied Finite Mathematics, UofM • Taught one of a total of three sections. • Taught together with Dr. D. Trim and T. Mohammed.
July–Aug 2009	MATH 2500: Introduction to Number Theory, UofM
	MATH 2300: Linear Algebra 2, UofM
May–June 2009	MATH 1500: Introduction to Calculus, UofM
	MATH 1010: Applied Finite Mathematics, UofM

Winter 2009	COMP 1010: Introduction to Computer Science I, UofM • Taught one of a total of three sections. • Taught together with J. Allen and J. Braico. MATH 1310: Matrices for Management, UofM • Taught one of a total of two sections. • Taught together with Dr. H. G. I. Moghaddam. MATH 1210: Techniques in Classical and Linear Algebra, UofM • Taught one of a total of two sections. • Taught together with Dr. T. Berry. MATH 1010: Applied Finite Mathematics, UofM • Course coordinator. • Taught one of a total of two sections. • Taught together with D. Kalajdzievska.
Fall 2008	MATH 1500: Introduction to Calculus, UofM • Taught one of a total of seven sections. MATH 1010: Applied Finite Mathematics, UofM • Taught two of a total of three sections. • Taught together with Dr. M. Davidson. MATH 0500: Preparing for University Mathematics, UofM • Saturday class/tutorial sessions for the first 5 weeks of term. • Taught together with C. Enns.
July–Aug 2008	MATH 2500: Introduction to Number Theory, UofM MATH 2300: Linear Algebra 2, UofM
May–June 2008	MATH 1500: Introduction to Calculus, UofM MATH 1210: Techniques in Classical and Linear Algebra, UofM
Winter 2008	MATH 2300: Linear Algebra 2, UofM • First time 2300 has been taught through Distance Education • Made extra video tutorials to help students learn material. MATH 1010: Applied Finite Mathematics, UofM • Taught together with Dr. H. G. I. Moghaddam MATH 0500: Preparing for University Mathematics, UofM • Saturday class/tutorial sessions for the first 5 weeks of term.
Fall 2007	MATH 1300: Vector Geometry and Linear Algebra, UofM • Distance education taught through Campus Manitoba • Weekly tutorials held over the internet MATH 1010: Applied Finite Mathematics, UofM • Taught together with Dr. D. Trim and Dr. H. G. I. Moghaddam.

MATH 0500: Preparing for University Mathematics, UofM
- Saturday class/tutorial sessions for the first 5 weeks of term.
- First time offered by the department.
- Taught together with Dr. T. Berry, C. Enns, and D. Gabrielson.

May–June 2007	MATH 1010: Applied Finite Mathematics, UofM
May–June 2006	136.101: Applied Finite Mathematics, UofM
May–June 2005	136.101: Applied Finite Mathematics, UofM

TA and Tutoring Experience

10/2008–12/2008	Personal Tutor (various courses)
01/2008–04/2008	MATH 1210: Classical and Linear Algebra ×4
01/2008–02/2008	Personal Tutor
09/2007–12/2007	MATH 1500: Introduction to Calculus ×3
09/2007–12/2007	MATH 1700: Calculus 2 ×2
06/2007	Personal Tutor
09/2006–12/2006	136.101: Applied Finite Math ×2
01/2006–04/2006	136.130: Linear Algebra ×4
10/2004–04/2005	Math Help Centre Tutor
01/2005–04/2005	136.130: Linear Algebra ×3
01/2005–04/2005	136.101: Applied Finite Math ×2
09/2004–12/2004	136.130: Linear Algebra ×2
09/2004–12/2004	136.101: Applied Finite Math ×2
05/2004–06/2004	136.130: Linear Algebra
05/2004–06/2004	136.101: Applied Finite Math
01/2004–04/2004	136.130: Linear Algebra ×2
01/2004–04/2004	136.101: Applied Finite Math ×2
09/2003–12/2003	136.101: Applied Finite Math ×2
01/2003–04/2003	136.101: Applied Finite Math

Presentations

Winter 2008	Guest lecturer: *MATH 4400: Combinatorics 2*, UofM.
	- Topics: Extremal Graph Theory and Ramsey Theory

Spring 2007	Department of Mathematics Graduate Student Seminar: *Mathematics of Eventown and Oddtown* (Made using "Prosper", a LaTeX document class)
Fall 2006	Department of Mathematics Graduate Student Seminar: *Introduction to Ramsey theory for Graphs* (Made using "Prosper", a LaTeX document class)
Spring 2006	Department of Mathematics Graduate Student Seminar: *Graph Reconstruction* (Made using "Prosper", a LaTeX document class)
Fall 2005	Department of Mathematics Graduate Student Seminar: *An Introduction to the Probabilistic Method*
Spring 2005	Department of Mathematics Graduate Student Seminar: *Some Interesting Infinite Sequences of Natural Numbers*
Spring 2005	SIAM C.S.E. Conference, Feb 11-15, 2005: *Modeling Hyperbolic Geometry*
Fall 2004	Department of Mathematics Graduate Student Seminar: *The Equivalences of 7 Major Theorems in Combinatorics*

Committees and Volunteer Work

12/2008–Present	Winnipeg Church of Christ: Treasurer • Responsible for all financial operations of the church • Sole member with cheque signing authority
11/2007–Present	Winnipeg Church of Christ: Preteen/Teen Ministry Co-Leader • Together with Kaydi-Ann Borgersen (wife) • Teaching children ages nine and up • Planning events, organizing meetings
09/2006–05/2007	Winnipeg Church of Christ: "Kingdom Kids" kids' classes • Teaching two and three year olds
05/2002–05/2004	Science Student's Association • UMSU Representative
05/2001–05/2002	University 1 Student Council • UMSU Representative
09/2001–02/2002	Winnipeg Church of Christ: "Kingdom Kids" kids' classes • Teaching two and three year olds
09/2000–05/2001	University 1 Student Council • Science Representative
09/2000–04/2001	Computer Science Students' Association

Casual experience volunteering for Hope World Wide of Canada (www.hopeww.org)

January 28, 2010
