canoe school

Canoe School is a partnership between Paddle Manitoba and Manitoba Pioneer Camp to provide Paddle Canada's national curriculum and certifications in a wilderness camp setting. Whether you work for an outdoors organization, camp or school where canoe instruction is part of your job, are interested in becoming a professional instructor, or are looking to further your paddling skills, Canoe School is for you.

Courses offerings for 2018:

## *Lake Canoe Instructor, Introductory Tandem*

If you love paddling, why not share it with the world? This course is ideal for staff or individuals who want to teach canoeing. Successful candidates will be certified to teach Introduction Lake Tandem. Participants are required to present lessons during the course and commit time for preparation and reading course material before the course begins. Our immersive approach to instructor training is a safe and challenging place to begin refining and advancing instruction theory and techniques, with the opportunity to participate in a Canoe Basic clinic as an instructor.

## *Lake Skills, Introductory Tandem & Solo*

The place to begin! Lake Skills, Introductory Tandem & Solo is the course for those with no or minimal canoeing experience. It will teach the proper fundamentals for paddling with a partner or alone. It is also the gateway to the Paddle Canada program, creating the confidence and skills to move on to more advanced training.

## *Canoe Tripping Skills Introduction:*

The Paddle Canada – Canoe Tripping Skills Introduction course focuses on the skills and knowledge required to enjoy safe and fun overnight and day canoe paddling trips. The emphasis is on camping skills, trip planning, communication, navigation and trip leadership.
